Did data input, attended meetings, assisted in trainings, emergency clean up in the database, editing in the database (LDRPS), attended trainings.

-Crystal Reports Training

Delaware Technical & Community College-Terry Work Study Program, Dover, DE

November 2008 –June 2011. Handpicked by the academic supervisor of my field of study to work for her and gain experience. Responsibilities include organizing a filing system for exams and gradebooks to editing and creating tracking sheets and room availability spreadsheets for each semester. In addition to these projects I assist the supervisor of my field of study and the secretary on many other program related data to anything else needed including copying and delivering work to answering phones and assisting students.

USSF Referee Association, DE

Fall 2007-2010. Referee recreational and competitive soccer games. Responsibilities include making the best calls based on my view and handling heckling parents and coaches. Requirements include successfully passing a yearly written test along with a continuous field test all season long. Preventing safety hazards and disciplining dangerous players is a main focus.
